

Extruders

Extruders are designed to remove soil samples from the matching-size shear box after testing. They come in round or square heads and are used in shear strength testing with dead-weight and pneumatic shear machines. Featured on the extruder is a robust handle for easy control when working. Available in a range of in or mm diameter measurements.

Square Extruders

Part#	Description
2049SE	50MM Diameter
2051SE	2" Diameter
2052SE	2.42" Diameter
2053SE	2.5" Diameter
2054SE	4" Diameter
2055SE	100MM Diameter
2057SE	60MM Diameter

Round Extruders

Part#	Description
2049DE	50MM Diameter
2050DE	2" Diameter
2052DE	2.42" Diameter
2053DE	2.5" Diameter
2054DE	4" Diameter
2055DE	100MM Diameter
2056DE	2.875" Diameter
2057DE	60MM Diameter
